

OPUS Projects for Managers Training, Salem Oregon

Trainer: Mark L. Armstrong, PLS - Oregon State Geodetic Advisor

Register here: <http://www.ngs.noaa.gov/corbin/calendar.shtml>

Dates: 12/17/14 - 12/18/14

Times: 8am-4:30 Day 1 - 8am-11:30am Day 2

Location of class: ODOT Building:

4040 Fairview Industrial Dr SE, Salem, OR 97302

Room: Silver Creek

Visitors need to check in at the ODOT front entrance desk and get a visitor pass each day.

There is no cost for the class and lunch will be on your own.

Class size limited to 25 people. Bring your wifi capable laptop, charger and extension cord with the latest internet browser versions of IE, Chrome, or Firefox.

IMPORTANT: When you register for the class through the NGS Training Web Page sign up with the permanent email address you use daily as OPUS Projects is cloud software and communicates with you through email.

For those that get on the registration list you will get several emails approximately two weeks before class with links to training aids and a sample project we will use during the training.
